Answer

Data General Corporation is not a transporter of waste. Data General Corporation employed the services of Northeast Solvents Corporation to collect, transport and dispose of its hazardous waste from its facilities at 2460 Lafayette Rd., Portsmouth, New Hampshire. Northeast Solvents has never transported any waste received from Data General Corporation to the Coakley Landfill Site. Data General Corporation employed the services of Keefe Trucking who hauled non-hazardous trash to Coakley from 1976 (the date the facility was purchased and operations begun) through 1979, from 1979 through 1981 Great Bay (who purchased Keefe Trucking) collected and disposed of the

non-hazardous trash at Coakley until 1980 when it began using the Pease Air Force Base incinerator to dispose of the trash. In 1981 Great Bay was acquired by BFI Waste Haulers, a Brown & Ferris Industries subsidiary who took our trash to Pease Air Force Base until it was closed in 1987 and now takes our trash to the Maine Energy Recovery incinerator facility in Biddeford Maine. All haulers who have handled waste from Data General Corporation facilities in Portsmouth, Durham or Hookset (our New Hampshire facilities) have informed us that they have never taken hazardous waste from any of our facilities to the Coakley Landfill Site.

- a. All persons, including yourself, from whom you or such other persons accepted materials for transportation to the Site.

Answer

Data General Corporation gathered non-hazardous trash at its facilities in Portsmouth, Durham and Hookset, New Hampshire and delivered it to the above listed waste haulers for disposal.

- b. In general terms, the nature and quantity of all nonhazardous materials accepted for transportation to the Site.

Answer

The nonhazardous materials consisted basically of paper in solid form. The amount is estimated to be 3 (ten cubic yard) open dumpsters hauled away twice a day.

- c. The nature of the hazardous materials accepted for transportation to the Site including chemical content, characteristics, physical state (e.g., solid, liquid), and the process which generated the material.

Answer

No hazardous waste was ever transported to the Coakley Landfill Site by or for Data General Corporation.

- d. The persons from whom you accepted hazardous materials.

Answer
